## **Animal bite reporting in Maryland**

In Maryland, animal bites are reportable (Code of Maryland Regulations (COMAR) 10.06.02.05, Reporting Bite or Non-Bite Contacts to Humans). Any person having knowledge of a bite to an individual by an animal shall report the facts of the contact to the local health department, the local animal control authority, or a law enforcement agency. Bite reporting is required to ensure that individuals who are potentially exposed to rabies (a fatal viral encephalitis) via a bite from an infected mammal are adequately assessed for risk and receive appropriate preventive prophylaxis if indicated.

The local health department reports on a monthly basis to the State Public Health Veterinarian at the Maryland Department of Health and Mental Hygiene the aggregate number of bites by the species that inflicted the bite. No data are provided regarding the breed of dog, cat or other species inflicting the bite, nor are data surrounding the circumstances of the bite collected.

For questions regarding these data, please contact the Maryland Department of Health and Mental Hygiene, Center for Zoonotic and Vector-borne Diseases at 410-767-5649.
